

Financial Matters

III. Diocesan Annual Appeal

- A. It is the policy of this Diocese to have a Diocesan Annual Appeal in which every parish is to participate.
- B. The calculation for the goals given to each parish is determined as follows:

1.
$$\frac{\text{Parish Sunday Offertory divided by the}}{\text{Total Offertory Throughout Diocese}} = \% \text{ Offertory}$$

2.
$$\frac{\text{Parish Number of Donors (greater than \$50)}}{\text{Total Number of Donors Throughout Diocese}} = \% \text{ Donors}$$

3.
$$\text{Parish Average \%} = \frac{(\% \text{ Offertory plus \% Donors})}{2}$$

4.
$$\text{Parish Goal} = \text{Diocesan Goal times Parish Average \%}$$
